

Make sense of problems and persevere in solving them.

Mathematical Practice 1

When given a problem, I can make a plan, carry out my plan, and check my answer.

BEFORE...

Think about the problem.

Ask myself, "Which strategy will I use?"

Make a **plan** to solve the problem.

DURING...

Stick to it!

Ask myself, "Does this make sense?"

Change my plan if it isn't working out.

AFTER...

CHECK my work.

Ask myself, "Is there another way to solve the problem?"
